

MEMORANDUM

Date: May 14, 2021
To: IL Residents
Fr: Chris Parker, Executive Director
Re: COVID-19 Update

Dear IL Residents,

Santa Barbara County COVID cases continue to decrease with the County currently in the Orange Tier and moving toward the Yellow Tier hopefully soon.

This improvement is allowing for our **vaccinated residents** to have greater freedom in being outside without masks or around fellow vaccinated individuals without a mask. However, if you are **not vaccinated** you are still required to wear a face mask both inside and outside to protect yourself.

Please note this pertains only to times when you are outside. Face masks are still required when anywhere inside our buildings, except in the dining room when meals have been served.

Also, all staff will continue to wear face masks, whether inside or outside, while they are on campus in an effort to protect our residents.

Visitors

Please ensure all visitors continue to check-in at the Administration Office. If you have visitors on campus and they have been vaccinated, they will no longer be required to wear face masks while they are outside. If your visitor has not been vaccinated, please be sure they wear a face mask while on campus at all times. Please recognize we are not through this pandemic yet and still encourage safety precautions. Continue to do your part through social distancing, good hand hygiene, and mask wearing as appropriate to keep our County and Country headed in the right direction.

Please recognize all visitors within the Care Center, Assisted Living, and Personal Care Unit, are still required to wear face masks indoors and outdoors.

Thank You,
